**From vitorliu@hotmail.com (Guangzhou Xingdian Network Technology Co., Ltd)**

我们的app审核最近被拒绝两次，其中理由中都包括“使用了除in-app purchase外的其他支付方式，例如 AliPay”，但我们在程序并没有使用AliPay作为支付方式，我们只是需要接入AliPay的授权功能以进行实名认证。

第二个问题，我们的应用被指无法在IPv6的环境下登录，但我们观察提供的截图，出现该问题时你们的设备是没有连接Wi-Fi的标志，所以我们相信是当时你们设备的网络问题。另外我们在iMac上设置IPv6环境是登录正常，之前的审核过程中这一功能也没有出现这个问题。所以相信是当时网络问题。

如果有疑问请及时联系：

**From Apple**

- 2. 1 Performance: App Completeness
- 3. 1.1 Business: Payments - In-App Purchase

---

#### Guideline 2.1 - Performance

We discovered one or more bugs in your app when reviewed on iPad and iPhone running iOS 10.3.1 on Wi-Fi connected to an IPv6 network.

Specifically, we were unable to login during the review.

Please see attached screenshots for details.

#### Next Steps

To resolve this issue, please run your app on a device while connected to an IPv6 network (all apps must support IPv6) to identify any issues, then revise and resubmit your app for review.

If we misunderstood the intended behavior of your app, please reply to this message in Resolution Center to provide information on how these features were intended to work.

For **new** apps, uninstall all previous versions of your app from a device, then install and follow the steps to reproduce the issue. For **updates**, install the new version as an update to the previous version, then follow the steps to reproduce the issue.

#### Resources

For information about supporting IPv6 Networks, please review [Supporting IPv6 DNS64/NAT64 Networks](#) and About Networking.

#### Guideline 3.1.1 - Business

We noticed that your app enables the purchase of content, services, or functionality in the app by means other than

the in-app purchase API, which is not appropriate for the App Store.

Specifically, AliPay was found during the review.

## Next Steps

While the payment system that you have included may conduct the transaction outside of the app, if the purchasable content, functionality, or services are intended to be used in the app, they must be purchased through IAP, within the app - unless it is of the type referenced in guideline 3.1.3 of the App Store Review Guidelines.

## Request a phone call from App Review

At your request, we can arrange for an Apple Representative to call you within the next three business days to discuss your App Review issue. Our representative will be able to discuss the issue in English or Chinese.

To request a call and ensure we have accurate contact information, reply directly to this message with a contact name and direct phone number to reach you.

申请应用审核团队致电联系

如果您有需要，我们将根据您的要求在三个工作日内安排一位精通中文的苹果公司代表致电与您联系，讨论您的应用审核结果。

为了确保我们有正确的联系资料，请回复这封邮件并提供您的姓名与电话号码。

申請應用審核團隊致電聯繫

如果您有需要，我們將根據您的要求在三個工作日內安排一位精通中文的蘋果公司代表致電與您聯繫，討論您的應用審核結果。

為了確保我們有正確的聯繫資料，請回覆這封郵件並提供您的姓名與電話號碼。
